

4/13 - 4/17 Digital Learning Plans

What are we learning this week?

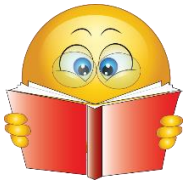

Math

We are working to add and subtract three-digit numbers. (ex: $234 + 327 = 561$). Students can use base ten blocks, number-lines, or expanded form to solve the problems.

Reading

We are **comparing** and **contrasting** nonfiction topics. For example, comparing dolphins and whales.

Phonics

We are learning about comparatives. For example, the words: tall, **taller**, **tallest**. When we add **-er**, it means **more** tall. When we add **-est**, it means **most tall**.

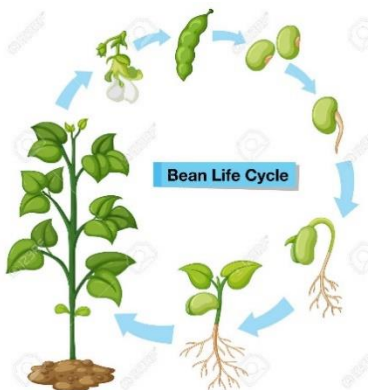

Examples: Mrs. Kulamer is tall. Dr. Jones is **taller** than Mrs. Kulamer.
Mr. Woolsteen is the **tallest** teacher at Powers Ferry.

Language Arts

We are learning capitalization rules. These rules tell us when we should use a capital letter in words.

Science

We are learning about plant life cycles. We are learning about how seeds sprout and grow.
